Bylaw V

The Charter of the Ombudsman shall be to act as a neutral dispute resolution practitioner of those matters for which the provisions of the Reconsideration Policy set forth in section 2 of article IV or the Independent Review policies set forth in section 3 of article IV have not been invoked. The principal function of the Ombudsman shall be to provide an independent internal evaluation of complaints by members of the ICANN community who believe that the ICANN staff, board or an ICANN constituent body has treated them unfairly.
Fairness

The Ombudsman shall serve as an objective advocate for fairness, and shall seek to evaluate and where possible self disputes about unfair or inappropriate treatment by ICANN staff, board, or ICANN constituent bodies, clarifying the issues and using conflict resolution tools such as negotiation, facilitation and "shuttle diplomacy" to achieve those results.
Origin
