About ICANN Public Meetings

What is an ICANN Public Meetings and what happens?

ICANN Public Meetings provide the opportunity for an internationally diverse group of individuals and organizations, from over 150 countries, to come together to discuss and develop policies for the Internet's naming systems.

ICANN's international meetings have been a staple of ICANN's multistakeholder bottom-up consensus-building model since its formation in 1998.

And it is not just for techies! Over 2,000 representatives from the global business community, governments, DNS industry insiders, and many other communities attend these meetings.

Where can I find more information about ICANN Public Meetings?

Each meeting has a dedicated website that acts as a broad guide to the conference with details on the venue, schedule, information about the local area, a program of social events during the week, and answers to frequently asked questions about ICANN meetings.

Exhibit Space Guidelines

Floor Plan:

All dimensions and locations shown on the official floor plan are believed, but not warranted to be accurate. Furthermore, ICANN reserves the right to make such modifications to the official floor plans as may be necessary to meet the needs of the exhibitors and the conference program.

Space Assignments:

Space assignments will be made by ICANN in its sole and absolute discretion and will be made according to level of sponsorship on a first-come, first-served basis, and wherever possible, exhibitors will be assigned one of their location preferences.

Display Arrangement:

All exhibitors must adhere to booth display guidelines provided by ICANN in the exhibitor services manual (ESM). Displays and graphics may not interfere with attendee line of sight for neighboring booths. Such items in the front half of a linear booth may not exceed 4 ft. in height. Sound presentations, slides or movies will be permitted if turned to conversational levels, and if not objectionable to other exhibitors. Sound from any and all audio presentations must not carry beyond the immediate area of the display or exceed 85 decibels.

Use of Space:

No exhibitor shall sublet, assign, sell, or allow to be used, all or any part of the exhibit space allotted to it, without express, prior, written approval from ICANN. All signs, advertising, literature and other promotional material must be related directly to the exhibitor's name, product and service as set forth and approved in the agreement.

Exhibitor Representatives:

Exhibitor representatives wearing distinctive costumes, or carrying banners or signs separately, or as part of their apparel, must remain in their own booths.

Common Areas:

Aisle space shall not be used for exhibit purposes, display signs, solicitation, or distribution of promotional materials. ICANN in its sole discretion also prohibits non-approved publications and/or advertising in any of the common public spaces on the premises of the meeting facilities or in the lobbies or hallways of the hotels.

Logo Placement:

The vertical placement of sponsor logos will be made according to level of sponsorship on a first-come, first-served basis.

Registration Materials:

Only ICANN sponsors will be able to distribute promotional materials at the meeting. All materials will be reviewed to ensure that they do not disparage anyone, including ICANN, its supporting organizations, community members or any of the event sponsors. For pre-approval, please email a PDF of item(s) to meeting-sponsorship@icann.org.

Promotional materials should clearly represent the official ICANN Meeting Sponsor, and not a 3rd party:

Shipping instructions for registration materials will be provided to all sponsors no later than twenty-five (25) days prior to the delivery deadline. All registration materials must be delivered to the designated shipping address no later than five (5) days prior to the start of the conference. This generally falls on a Tuesday the week before the event. Materials must be ready for insertion into the registration bags. ICANN is not responsible for folding brochures or sorting and folding t-shirts. (If sending a t-shirt, it is suggested to provide one size for all and if possible, shirts should be folded and individually wrapped for easy insertion into the bags.)
