A preliminary block schedule is posted approximately eight weeks before all ICANN Public Meetings to facilitate schedule planning for ICANN's Supporting Organizations and Advisory Committees (SO/ACs) and early awareness for all attendees traveling to the event. The outline provides a general overview of what to expect on each day of the meeting, as well as the timing for cross-community sessions on current topics of interest chosen by representatives of the community.

The Annual General Meeting (AGM) is a seven-day meeting focused on showcasing ICANN's work to a broader global audience. The comprehensive schedule for the AGM will include 400+ sessions including some outreach activities and capacity building sessions open to all attendees. The final schedule will be released 15 working days before the start of the conference.
